

Welcome to Sm Systems- Extraction Cleaning Services

“We are nationwide”

Sm Systems is a one-stop-shop company

- a) We manufacture, supply, and install kitchen extraction canopies
- b) Cleaning of extractor canopies. As a general guide, your canopy will need to be cleaned every 12 months for light use (2-6 hours per day), every 6 months for medium use (6-12 hours per day), and every 3 months for heavy use (12-16 hours per day).
- c) Maintenance of broken and malfunctioning kitchen extraction systems
- d) Filter repairs, cleaning, and replacement thereof
- e) Cleaning of ducts where they are reachable
- f) Extraction or supply fans are cleaned for risk-free from any fire hazards
- g) Cleaned or maintained systems are sealed for oil leaks
- h) Cleaning Certificates are issued for every cleaning (SANS 1850:2014)

Sm Systems specializes in **cleaning & maintenance** of industrial kitchen canopies, dust extraction for factory ventilation systems, restaurants, hotels, hospitals, pizza outlets, canteens, coffee shops, takeaways, country clubs, school hostels, supermarkets / retail stores, conference centers, catering service stations, old age retirement centers.

Kindly be advised that all extraction and supply systems require cleaning and maintenance every six months so that you can have a risk-free environment and not Easily prone to fire
